

# Pharmaceutical Solutions

Kathabar temperature and humidity controlled clean air systems

<b>Capsule Forming &amp; Drying</b>	<b>Pan Coating</b>	<b>Parenteral Manufacturing</b>
<b>Sterile Manufacturing</b>	<b>Spray &amp; Powder Drying</b>	<b>Tablet Compression</b>

## FEATURES

- Acts as an air scrubber to remove and neutralize airborne bacteria, viruses, and mold
- Extends product storage life
- Prevents product from sticking to equipment and one another
- Eliminates need for special refrigeration or frosted coils to achieve desired humidity
- Allows for faster press speed
- Provides consistent production rates
- Eliminates moisture regain
- Offers fast, direct response for space humidity control
- Energy efficient operation reduces utility consumption
- Utilizes a chemically stable effective biocide which does not vaporize
- Reduces maintenance expenses
